| Experience | For the past ten years, my primary responsibility has been for children ages 6 to 15 in outdoor, high-risk situations. My coaching is skill-based and focuses on techniques and tactics for improving safety awareness, communication, decision making, emergency response, and physical and psychological performance. | |
| Specialty | Recognizing interrelated patterns of concepts and skills across different fields, and coaching to different learning styles, interests, abilities, and goals. Favorite topics include: philosophy, metaphysics, existentialism, consciousness; logic, math, set theory, model theory, computer science; physics, language, music, psychology, kinesiology, coding; yoga, meditation, nutrition, and playing in mountains. | |
